Bullish Case

Thesis: ETH upside with flows/sentiment tailwinds

Key Evidence:

- News (J97): keys=['id', 'date', 'total_articles', 'trading_signal', 'categories', 'sentiment_breakdown', 'top_key_phrases', 'high_impact_articles']

- On-chain (Yasuo): keys=['inflow', 'outflow', 'net_flow', 'exchanges', 'timestamp', 'hours_back', 'data_source', 'address_count']

- ETF (Yasuo): keys=['aum', 'cache_hit', 'etf_count', 'timestamp', 'daily_flow', 'flow_value', 'data_source', 'weekly_flow']

- Social (Lily): keys=['id', 'created_at', 'total_posts', 'overall_sentiment', 'avg_sentiment', 'twitter_count', 'reddit_count', 'telegram_count']

- Technicals (Bob): keys=[]

Data Requests:

- J97: ETF creations/redemptions detail and ETH-specific share

- Lily: 24h/7d sentiment deltas with bot filtering score

- Bob: MA(20/50/200), RSI/MACD across 4H/D/W, volume profile

- Yasuo: 1h/4h exchange net flows, whale accumulation vs distribution

Bearish Case

Thesis: Crowded optimism; divergence risks and headline fragility

Key Evidence:

- News (J97): keys=['id', 'date', 'total_articles', 'trading_signal', 'categories', 'sentiment_breakdown', 'top_key_phrases', 'high_impact_articles']

- On-chain (Yasuo): keys=['inflow', 'outflow', 'net_flow', 'exchanges', 'timestamp', 'hours_back', 'data_source', 'address_count']

- ETF (Yasuo): keys=['aum', 'cache_hit', 'etf_count', 'timestamp', 'daily_flow', 'flow_value', 'data_source', 'weekly_flow']

- Social (Lily): keys=['id', 'created_at', 'total_posts', 'overall_sentiment', 'avg_sentiment', 'twitter_count', 'reddit_count', 'telegram_count']

- Technicals (Bob): keys=[]

Data Requests:

- J97: Distinguish ETH-specific fundamentals vs market-wide headlines

- Lily: Account quality and concentration metrics

- Bob: Multi-TF divergences; HVN/LVN levels

- Yasuo: Intraday exchange inflow spikes; CEX/DEX split

Debate Rounds

Round 1 - Bullish: Outflows+ETF narrative+HTF uptrend

Round 1 - Bearish: Outflows ambiguous; divergences; headline risk

Round 2 - Bullish: If creations persist and no inflow spikes, buy dips

Round 2 - Bearish: If inflows rise near resistances, fade strength

Judge Verdict (Justin Ly)

Score: {'bullish': 3, 'bearish': 0}

Verdict: BUY

Recommendation: {'action': 'BUY', 'confidence': 0.55, 'entries': 'Scale into pullbacks near prior value; 3 tranches', 'exits': 'Scale out into resistance; leave runner on breakout', 'risk': 'Reduce size if exchange inflows rise; hedge event risk'}
